

SIIRE Workshop

“Good enough for government work?” Ethics and Professionalism in Research

Tuesday
March 8th, 5-6 pm
Bell 4203

Discuss ethical and professional issues arising in the conduct of research – identifying potential pitfalls (and ways to avoid them) and best practices.

Topic 1 – Giving credit where credit is due: proper citation of research

Topic 2 – When in doubt: avoiding conflicts of interest

Topic 3 – The Good, the Bad, and the Ugly: obtaining and reporting research data

Topic 4 – Leading by example: practicing professionalism in research
